ABOUT THIS COURSE

Accounting Course in Kalkaji, Delhi

Every business — from a small shop in Kalkaji market to a large corporation in Nehru Place — needs skilled accounting professionals. With GST now mandatory for businesses across India, the demand for professionals who understand both accounting software and tax compliance has never been higher. At **EduTechPath Institute in Kalkaji, New Delhi**, our Accounting Course with Tally Prime and GST prepares you for exactly this demand.

You will learn computerised accounting from scratch using Tally Prime — India's most widely used accounting software. You will also master GST filing, invoice creation, payroll management, inventory control and financial report generation. Our trainers use real business scenarios so you are comfortable handling actual accounts from day one of your job.

Whether you are a commerce student looking for your first accounting job, a shopkeeper who wants to manage their own GST returns, or a professional wanting to add Tally certification to their resume — this course in Kalkaji is your complete accounting solution.
